**CALL FOR PAPERS**

**2<sup>nd</sup> International Conference On Electronics & Electrical Engineering (IC3E'2020); November 16-17, 2020, University of Bouira, Algeria**

The 2<sup>nd</sup> International Conference on Electronics and Electrical Engineering (IC3E'2020) is organized by the Department of Electrical Engineering, Faculty of sciences and applied Sciences, University of Bouira, Algeria. It provides an international forum for professionals, industrials, academics, and researchers to present latest research developments and to exchange new ideas and application experiences in the fields of electronics and electrical engineering. The conference will be held at the University of Bouira, Algeria during November 16-17, 2018.

**Topics of interest include, but are not limited to:**

**1- Electrical machines and Power Systems:** Electrical machines and drivers, Electrical power systems, Power electronics applications, Renewable energy, Smart grids, Smart cities.

**2- Identification and Control Systems:** Identification systems, Control systems, Modelling, Robotic systems, Fault and diagnostic detection, monitoring systems, Micro and Nano Systems, Measurements and sensors.

**3- Telecommunications and Signal Processing:** Communication systems, Antenna, wave guide, RF systems, 4G and 5G Communication Networks, photonic, Signal processing, Image processing, Speech processing, Biomedical engineering.

**Paper Submission**

Submitted papers must be unpublished and not currently under review for any other publication. Authors are invited to submit full-length (4 – 6 pages; in English) papers in PDF format according to the IEEE standard templates available at conference webpage. Only electronic submissions via the EasyChair online submission system:
